

2018 Kokolulu Farm - Hawaii International Zhineng Qigong Healing Retreat

Experience the healing power of Hunyuan Qi Therapy!

This transformational healing retreat will be held at the stunning Kokolulu Farm and Retreats in Hawi, Hawaii Island (**May 25 - Jun 3, 2018**) Lulu and Karin have created [Kokolulu Farm](#) (KF), which is home to their Healing Retreats Program and The Hawaii International QiGong Institute (HIQI).

Lulu and Karin have been using [Zhineng Qigong](#) (ZQ) as a primary healing method for over 14 years, with great success & life transforming results. In an effort to expand their ZQ healing support network, KF has partnered with Alfred and Reyna Lerma of [Present Moment Living](#) (PML), and the International Association of Hunyuan Qi Therapists to bring this unique healing opportunity to you.

Alfred and Reyna Lerma together created Present Moment Living, and are both Certified Hunyuan Qi Therapists. They, like Lulu and Karin, are dedicated to sharing the deep wisdom that ZQ offers, and they will all be co-facilitating your retreat.

A unique aspect of this retreat is the partnership with the team of International Hunyuan Qi Therapists and Teachers. These therapists will be providing [Hunyuan Qi Therapy](#) (HYQT) treatments throughout your stay. There will be seven afternoon healing sessions over the course of the 10 day retreat. These treatments are guided by HYQT teachers Master Yuantong Liu and Britta Stalling.

HYQT as part of the ZQ system does not treat only the symptoms of disease, but addresses maladies at their root. It's approach is not only holistic, it is also scientifically proven. HYQT is recognized in China as one of the most effective natural energy-healing modalities on the planet.

The fee for the 10 day retreat is **only \$998** (lodging, airfare and meals excluded).

Lodging and meal packages are available at KF and the Kohala Village Hub, both in Hawi (11 nights - arriving on the 24th of May and departing on the 4th of June).

This retreat is limited to only 15 participants.

To register for the retreat or more details:

[A message from Lulu and Karin:](#)

"We are a sanctuary for people facing chronic illness and for those wanting to improve their self care skills. Our unique healing environment will mentally & emotionally support you with nature and nourishment... providing you with empowering techniques and attitudes to build courage, strength and love. We created KF from experiencing the same challenges you are facing today, and would like to extend our hearts and hands to support your healing journey. Aloha nui loa!"
